1. Introduction

Maybank Indonesia endeavours to offer services to its customers with best possible utilization of its technology infrastructure and stay competitive in service quality. Bank has designed a compensation policy for its customers should there be any deficiency in service quality.

This Compensation Policy of the Bank is therefore, designed to cover areas relating to unauthorized debiting of account, payment of interest to customers for delay in collection of cheques/instruments, payment of cheques after acknowledgement stop payment instructions, remittances within India, foreign exchange services, lending, etc. The policy is based on principles of transparency and fairness in the treatment of customers.

2. Objective

The objective of this policy is to establish a system whereby the bank compensates the customer for any financial loss he/she might incur due to deficiency in service on the part of the bank or any act of omission or commission directly attributable to the bank. By ensuring that the customer is compensated without having to ask for it, the bank expects instances when the customer has to approach Banking Ombudsman or any other Forum for redressal to come down significantly.

3. Framework

It is reiterated that the policy covers only compensation for financial losses which customers might incur due to deficiency in the services offered by the bank which can be measured directly and as such the commitments under this policy are without prejudice to any right the bank will have in defending its position before any forum duly constituted to adjudicate banker-customer disputes.

4. Unauthorised / Erroneous Debit by the Bank

4.a. If the bank has raised an unauthorized/erroneous direct debit to an account, the entry will be reversed immediately on being informed of the erroneous debit, after verifying the position. In the event, the unauthorized/erroneous debit resulted in a financial loss to the customer by way of reduction in the minimum balance applicable for payment of interest on savings bank deposit or payment of additional interest to the bank in a loan account, the bank will compensate the customer for such loss. Further, if the customer has suffered any financial loss incidental to return of a cheque or failure of direct debit instructions due to insufficiency of balance on account of the unauthorized/erroneous debit, the bank will compensate the customer to the extent of such financial losses after taking into consideration all relevant factors.

4.b. In case verification of the entry reported to be erroneous by the customer does not involve a third party, the bank will endeavour to complete the process of verification within a maximum period of 7 working days from the date of reporting of erroneous debit. In case, the verification involves a third party or where verifications are to be done at overseas centres, the bank shall strive to complete the verification process within a maximum period of one month from the date of reporting of unauthorised/erroneous transaction by the customer.

5. Unauthorised Electronic Transactions reported by Customers

As per Circular no. DBR.No.Leg.BC.78/09.07.005/2017-18 dated July 6, 2017 issued by Reserve Bank of India, all Banks are required to formulate a Board Approved Customer Protection Policy for unauthorised electronic Banking transactions reported by customers.

6.b. The bank would debit the customer's account with any applicable service charge as per the schedule of charges notified by the bank. In the event the bank levies any charge in violation of the arrangement, the bank will reverse the charges when pointed out by the customer subject to scrutiny of agreed terms and conditions. Any consequential financial loss to the customer will also be compensated.

Duplicate draft will be issued within a fortnight from the receipt of such request from the purchaser along with submission of documents as prescribed by the banks. For delay beyond the above stipulated period, interest at the rate applicable for Fixed Deposit of Corresponding period will be paid as compensation to the customer for such delay.

11. Foreign Exchange Services

The Bank would not compensate the customer for delays in collection of cheques designated in foreign currencies sent to foreign countries as the bank would not be able to ensure timely credit from overseas banks. It is the bank's experience that time for collection of instruments drawn on banks in foreign countries differ from country to country and even within a country, from place to place. The time norms for return of instruments cleared provisionally also vary from country to country.

However, the bank will compensate the customer for undue delays in affording credit once proceeds are credited to the Nostro Account of the bank with its correspondent. Such compensation will be given for delays beyond one week from the date of credit to Nostro Account/ due date after taking into account normal cooling period stipulated. The compensation in such cases will be worked out as follows:

a) Interest for the delay in crediting proceeds as indicated in the collection policy of the bank.

The bank will compensate the borrower for monetary loss suffered, if any, due to delay in return of the same. In the event of loss of title deeds to mortgage property at the hands of the banks the compensation will cover out of pocket expenses for obtaining duplicate documents.

13. Force Majeure

The bank shall not be liable to compensate customers for delayed credit if some unforeseen event (including but not restricted to civil commotion, sabotage, lockout, strike or other labour disturbances, accident, fires, natural disasters or other "Acts of God", war, damage to the bank's facilities or of its correspondent bank(s), absence of the usual means of communication or all types of transportation, etc beyond the control of the bank prevents it from performing its obligations within the specified service delivery parameters.
